Co-financing: 13 000 EUR

Project duration: 24 months

Project objective:

To preserve the psychological health of citizens, having difficult situation or serious problems, to prevent and resolve psychological problems that may contribute to the tendency to aggression, suicide, illegal or ascential behaviour, by establishing a psychological aid centre.

Project scope:

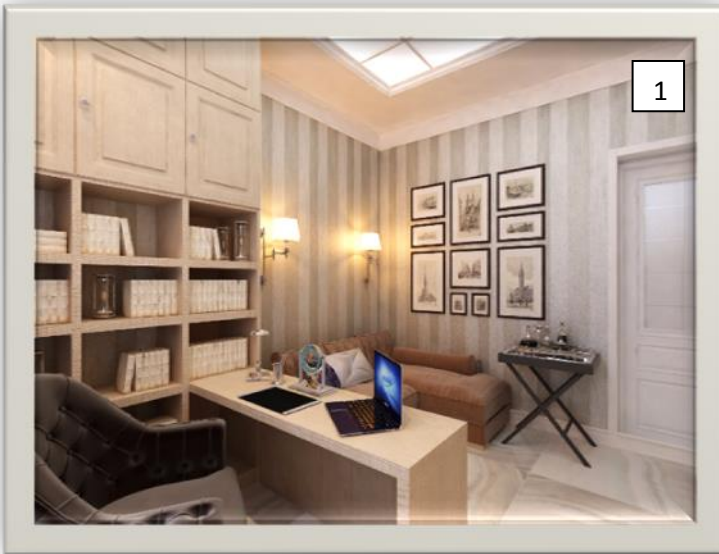

In today's world, we often think about the fate of people in difficult situations. In this regard, the Territorial center of social service of the population, Liozno district considers it necessary to establish a psychological aid center to provide high-quality psychosocial care, transferring, basic, vital, psychological knowledge and skills to overcome difficulties, the successful integration and socialization, creating emotionally comfortable and safe space, formation of healthy lifestyle, increasing personal potential of citizens. To solve the tasks planned

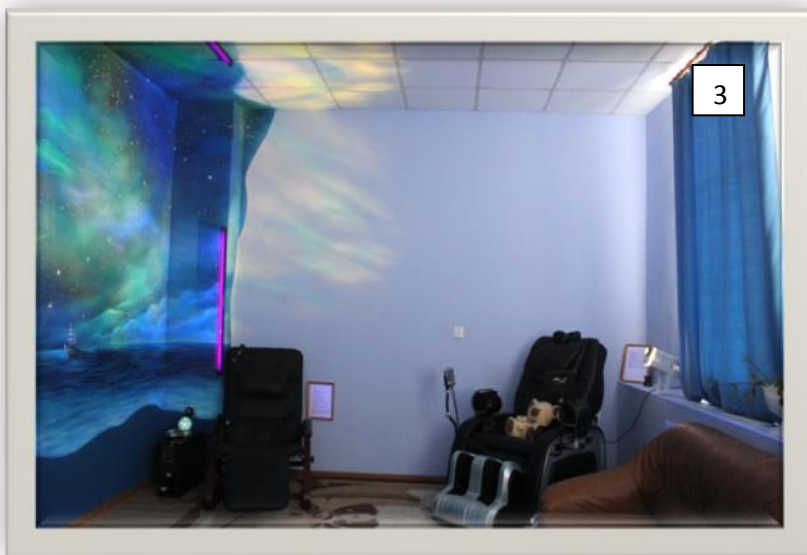

- Rental of premises for the work of the Psychological Aid Center
- Selection of staff to provide psychological services
- Order, purchase, delivery of equipment, furniture, methodical material for the center
- Production and distribution of printed materials (booklets and leaflets) to inform the public about the work of the center
- Preparation and provision of materials on the work carried out in the district newspaper "Ssiag Peramogi"
- Individual counselling of the psychologist on issues of family, marriage, child-parental relations and addictions
- Hot line operation

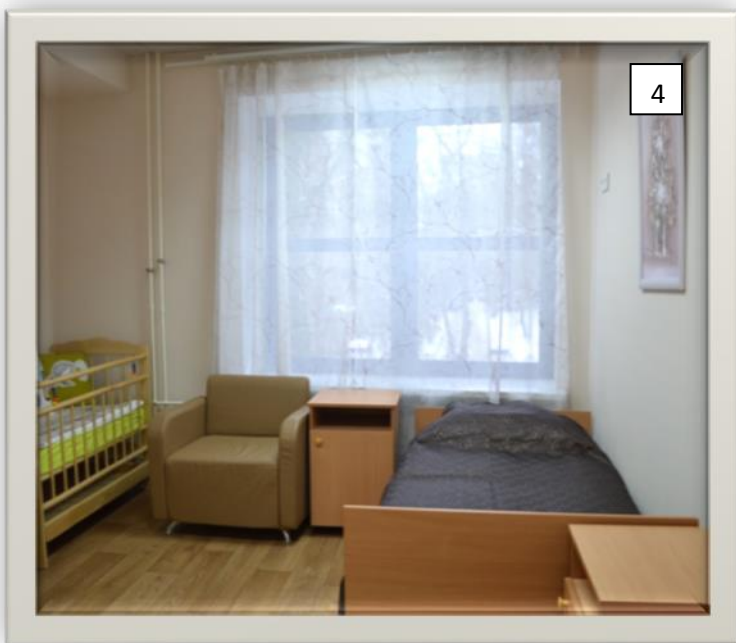

- Holding of a conflict management workshop
- Creation and work of crisis room and relaxation room
- Functioning of the future mother's school "Waiting for a Miracle"
- Organization of self-support groups "I am a woman," Art of being parents, "Mazes of communication," Step into the future ", "The disabled person – not a sentence"
- Conduct of a personal growth workshop
- Conduct a workshop of confident behavior

In case of approval of the project GU "TCSO Liozno district" assumes responsibility for the rent of premises for the center, for payment of wages to specialists, utilities, acquisition of methodological material. In turn, the costs of repairs, equipment and furniture are necessary.
